Marriott Suites – Garden Grove

Bureau of Education & Research

Maximizing the Effectiveness of Paraprofessionals Who Work with Students with Special Needs

Innovative, Video-Based, Hands-On Train-the-Trainer Opportunity

- Acquire dozens of practical strategies to help paraprofessionals strengthen the achievement of students with special needs
- Learn how to use outstanding video to demonstrate strategies in practice ... Receive ALL the video to use during training in your own school or district
- Build instructional expertise among paraprofessionals for more effectively monitoring student progress and increasing independence across all settings
- Ideal for schools and districts looking to strengthen their training of paraprofessionals who work with students with special needs ... Each potential trainer should have experience working with paraprofessionals

Receive Comprehensive Training Resources

All participants will receive a valuable package of resources including:

- **Three-Year Subscription to Best-Selling Professional BER Paraprofessional PD Resource Kit with Streaming Video** used throughout the training. Streaming videos contain the video footage needed for a complete paraprofessional training for your school and district demonstrating best practices
- **Comprehensive Paraprofessional Resource Handbook** filled with material to reinforce and extend learning and help train others
- **Detailed Trainer's Guide** that walks participants through the delivery of the program including a PowerPoint presentation adaptable for immediate use
- **Tips and strategies** for successful presentation

What's unique about this National Train-the-Trainer Institute

- **Three days of intensive training combining classroom-proven strategies and video clips** of the strategies in action – *show* rather than *tell* your paraprofessionals what effective strategies look like when working with students with special needs
- **National Special Education Experts, Janet Hull, who is featured in the videos, and Susan Fitzell,** will provide a comprehensive, interactive and research-based paraprofessional training preparing participants to train paraprofessionals in effective practices for working with students with special needs
- **Work and collaborate in small groups** with BER instructors to expand and enhance your understanding of effective strategies for paraprofessionals to use when working with students with special needs
- **Gain numerous tips and ideas to prepare and deliver high-quality paraprofessional training** with the goal of increasing the achievement of students with special needs
- **Unique and ideal opportunity for schools and districts** to strengthen their foundation, expand their knowledge and implement training to increase the effectiveness and impact of paraprofessionals who work with students with special needs

Come with Colleagues or Bring Your Family for Fun and Activities

Enjoy all that Cherry Hill has to offer

Westin – Mt. Laurel is conveniently located just six miles from downtown Philadelphia. Nearby attractions include Garden State Discovery Museum, Bury the Hatchet Cherry Hill, Laurel Acres Park, Coco Key Water Resort, Moorestown Mall, Sky Zone, Cherry Hill Skating Center, Diggerland, Perkin's Center for the arts, Johnson's Corner Farm, The Funplex and Strawbridge Lake Park.

Enjoy all that Anaheim has to offer

Enjoy the sun on one of many Orange County beaches, experience fabulous shopping, dining, or visit some of southern California's main attractions including Disneyland, Universal Studios, Hollywood, Knott's Berry Farm, and the Long Beach Aquarium

Innovative, Video-Based, Hands-On, Train-the-Trainer Opportunity

Skilled paraprofessionals are critical to the success of students with special needs across all instructional settings. Participants attending will learn the key components for an effective training program for paraprofessionals which can then be delivered as a staff development framework that fits the schedule according to each school's or district's unique scheduling and training needs. The following key components are included in this three-day train-the-trainer institute.

Increasing the Effectiveness of Paraprofessionals

- Guidelines for adapting curriculum and modifying instruction and assignments
- Developing a clear understanding of the importance of student independence
- Practical ways to increase student independence through the use of a "prompt hierarchy"
- Effective, easy-to-implement methods for collecting data
- Tips for developing student portfolios that reflect student progress and student needs

Working Effectively with Other Adults

- Effective instructional techniques for two adults working with students in the same classroom
- Improving job satisfaction by taking the stress out of working in complicated, demanding instructional situations
- Tips for effective collaboration with other school staff and related service providers

Working Effectively with Students

- Innovative techniques to maximize the support you give to students with special needs
- Key ways to adapt curriculum and modify instruction
- Highly effective techniques to foster and maximize student independence
- Use of a "prompt hierarchy" to improve requisite learning behaviors essential for becoming lifelong learners
- Ready-to-use approaches to reduce the intensity, frequency and duration of prompts and supports
- Use effective strategies for encouraging student participation in classroom discussions and cooperative work groups
- Key ways to avoid "giving answers" to students
- Proven ways to facilitate students' interactions and friendships with peers
- Real-life examples of techniques for fostering student independence in students with special needs
- Highly effective ways to build student confidence and self-esteem
- Outstanding suggestions for managing and improving student behaviors

Video of Strategies in Action to Demonstrate Effective Teaching Practices

- Best practices for using video to train others
- Outstanding training tips and a resource kit to train others (each participant will receive ALL video presented at the institute to use in their own training)

Learn and build the necessary foundation for training paraprofessional staff in effective practices

Monday (8:30 A.M. – 3:30 P.M.)

- Proven strategies for increasing student independence across settings
- Focus on detailed paraprofessional strategies and video footage for use in your own training program for paraprofessionals who work with students with special needs
- Ready-to-use strategies for working successfully with students with special needs
- Discover best practices for using outstanding video to train others
- Experience numerous, practical strategies that increase learning for students with special needs
- Target areas of need and decrease behaviors that lead to dependence
- Collect data effectively and efficiently: what, when, where, how, and why

Tuesday (8:30 A.M. – 3:30 P.M.)

- Behavior management of students with special needs in diverse environments – strategies for keeping students with special needs on task while learning in whole-class settings
- Manage challenging behaviors that impede learning
- Accommodations, adaptations, instructional strategies, and scaffolding student thinking and learning in small groups
- Strategies for establishing and maintaining effective, collaborative relationships with paraprofessionals that lead to increased student capacity
- Identify key presenting skills for presenting high-quality and engaging training sessions to paraprofessionals
- Create a plan for presentations

Wednesday (8:30 A.M. – 3:30 P.M.)

- Participants will deliver brief presentations of paraprofessional strategies using video and will receive feedback from the small-group facilitator
- Practice presentations will provide the perfect opportunity to listen and interact to deepen understanding, familiarity and confidence with the material
- Debriefing of presentations and feedback from the lead instructors will strengthen participants' skills in training
- Participants will leave with a training plan, including video for confidence to implement a state-of-the-art training with paraprofessional staff

**Lunch each day will be on your own,
providing a great opportunity for networking**

Featuring Two of the Nation's Top Experts in Working with Students with Special Needs

Janet Hull is an exciting presenter with more than 31 years of experience in special education and has been nationally recognized for her work with paraprofessionals. She has taught in high school, middle school and elementary settings and has worked with students with cognitive, behavioral, communication, and autism spectrum disorders. Her vast experience includes working in rural, suburban, urban, and highly diverse schools and school systems.

In addition, Janet has been an adjunct professor for many years teaching paraeducators and teachers at the university level. She incorporates her experience and deep respect for the work of paraeducators into her seminars with an exciting and engaging manner that responds to the current and future needs of paraeducators. She addresses the unique strengths of paraeducators in ways that validate their critical roles in the classroom and enhance their effectiveness in building student independence.

Susan Fitzell is a dynamic presenter who is passionate about helping teaching professionals make co-teaching and inclusion work successfully in the classroom. With more than 21 years of experience in special education, inclusion and co-teaching, Susan is in demand as a presenter at district, state and national conferences. She fully understands the challenges inherent in an inclusive school and adds her own sensitive and insightful understanding of the issues of co-teaching and inclusion.

Susan is the author of several books geared to help educators and parents help youth, which include: *Special Needs in the General Classroom: Strategies that Make it Work* (2008), a comprehensive resource handbook for teachers, and *Paraprofessionals and Teachers Working Together: Highly Effective Strategies for Inclusive Classrooms* (2007)

Special Benefits of Attending

State Specific Credit:

Participants in this three-day institute are eligible for 1.5 CEUs or 15 Clock Hours in most states. In some states, participants may be required to initial in/out on a program roster for each day, complete forms, pay a fee, or complete a program evaluation. At the end of day three, each attendee will receive a certificate of participation that may be used to verify hours to meet continuing education requirements. We suggest you check with your district prior to attending to determine if this program meets your requirement for continuing education credit.

Earn One to Four Graduate Semester Credits

Up to four graduate level professional development credits are available with an additional fee and completion of a follow-up practicum activities. Details for direct enrollment with Brandman University, part of the Chapman University system, will be available at this BER institute.

SAVE with Group Discounts

The fee is \$1,095 per person. If groups of three or more register at the same time, the fee is \$995 per person.
